- **Donation/Return of Items:** Not all consignment items sell quickly and it is sometimes necessary to remove items from inventory to free up space. If you agree to have any of the items listed above donated to a charity after your contract time expires, and we believe it is unlikely to sell, please indicate your agreement by placing a “D” in far right column. If you would like items returned to you in this event, please place an “R” in this column (*consignor will be responsible for reclaiming items*).
